How to improve inspections more fluent and effective?

Seveso-supervision
in 10-20 years?

Preparing for
inspection

- Material before inspection
- Inspection themes, checklists (e.g. ageing, MOC, maintenance, ATEX, PSMS,...)
- Co-inspections with other authorities etc.

After inspection

Inspection

- Utilization of digitalisation (e.g. more pictures, live broadcast,..)
- ..

Reporting

- Inspection report
- ..

- Inspections of group of companies
- Practices in "self inspections"
- Use of tablet computer, Skype-meetings, ...
- ..
