Evaluating implementation –

Authority - Please briefly describe any rules or guidance followed **by authorities** in implementing their duties

Operator - How does the authority evaluate that the implementation **by the operator** is effective the requirement, (e.g., criteria, minimum information, frequency, methods)?

Confidentiality - How do we deal with the requests for confidentiality? What information do we consider as confidential? Are there any criteria developed for declaring information as confidential?

If you have any specific examples of a good practice, please explain it briefly here.

Guidance and tools

There is the list of legislative standards on the Ministry of Environment website: https://www.mzp.cz/cz/pravni_ramec_havarii and Decree number 228/2015 Sb. provides a detailed description of the information.
